Winter 2020

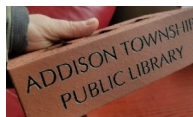

And more.....

Introducing Libby

The new streamlined app to borrow all your favorite eBooks & eAudiobooks from your library created by Overdrive.

Capital Campaign Update

Addison Township's First Library

There will likely only be one library built in Addison Township. Won't you please be a part of it?

We were generously donated the property across the road from our current location in 2008, and now plan to build a new library.

The lease on our current space expires in 2021; it was decided this would be a good time to make our move to finally build Addison Township's First Library.

We need your help! Every donation matters: brick purchases, cash donations, pledges for plumbing supplies, or even time helping plan or fundraise. Every donation matters and every donation makes a difference.

Our Capital Campaign will end sometime in 2020. We will continue to plan for the new building and work to raise the funds required.

Collection + Community + Creativity = Your Public Library

Do you like the idea of living in a community with a modern and comfortable library with space for meetings and exciting programs? We want to help prepare our children for future learning successes, by offering programs and space to accommodate the entire community. Please join us and do what you can to help us with this historic prospect. Questions? Call Jaema Berman, (248) 628-7180.

Buy a Brick! The library can be built with your name on a commemorative brick. Be a Part of History! Place your order at the library or go to www.letsbuildalibrary.org
