## IN THE NEWS

### New Library Director

We are excited to announce that **Dennis Hillers, MSLIS**, has been hired as the new Director of Addison Twp. Library! Dennis brings his passion and vision for library services founded in his love for the history of the book, his experience as Coordinator and Project Archivist at the University of Detroit Mercy and Director of the Adrian Sisters Community Library.

### Congressional Funding Update

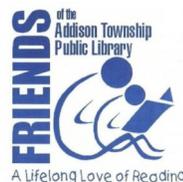

December 2, 2021 the U.S. House and Senate approved a Continuing Resolution to extend the deadline for ratification of the 2022 Federal Budget. The President signed it on December 3rd. The 2022 Federal budget includes the Appropriations Bill which the Addison Township Library's "Community Funded Project" is a part of. The new deadline to approve the budget is February 18, 2022. Funding in full or in part helps us reach our goal to build the first community owned library facility. Visit [www.letsbuildalibrary.org/](http://www.letsbuildalibrary.org/) to learn more about the project and how you can get involved!
