Director's Corner.....

The Library Board members, elected for four years, serve our community with diligence and dedication. They ensure that our community receives excellence in books, movies, and access to the web for education, enrichment, and cultural entertainment for all ages. The Board oversees our budget, policies and facility. The Board also seeks the opinions of the whole community to help them create the library that will serve the needs of all who pay taxes in Addison Township. Your feedback can help us shape the library in years to come. Our current lease is up in 2021. Help us by completing the short survey. It is also my privilege to serve you. With warmest regards,
Jaema Berman, Library Director
